AGREEMENT

By signing, the person signing confirms they are authorised to bind the organisation, and that the information on this page, including the number of people and the revenue, is accurate; the price is set from them, and Iteranium may correct it from the next month if either was understated. The organisation agrees: that the subscription covers it and the other businesses named, with at most two applications a month in total across all of them, chosen by Iteranium, and no carry-over; to the plan above for the whole term, at the monthly price in each chosen currency, plus applicable taxes; that Iteranium holds an onboarding call within 10 business days of signing, billing starts on the day of that call and the term runs from it, or from the tenth business day if the organisation is not available for the call by then; that this is a fixed-term contract, which cannot be cancelled before the end of the term, and that every monthly payment of the term is owed; that Iteranium Inc. may charge the card entered on Stripe's secure page each month, in advance, from the day billing starts to the last month, and keep it on file for that purpose only; to the Granttude Terms of Service and Privacy Policy (granttude.vercel.app/terms and granttude.vercel.app/privacy); and that funding is never guaranteed, because funders decide: Iteranium prepares the applications, the organisation signs and files each one, and Iteranium does not contact funders on its behalf. When the term ends, the subscription ends unless the organisation renews it. This page and the online sign-up with the reference above are one agreement.

The ID number is kept with the organisation's records and used only to confirm who signed. Never write a card number on this page.
